Enjoy dynamic and exciting student life.

Achieve academic excellence and a global perspective at...

Founded in 1997 as a private non-profit institution, Kadir Has University (KHAS) has approximately 5,000 students and 250 faculty members. KHAS offers 25 undergraduate and 31 graduate degree programs in the disciplines of engineering, IT, business, economics, international relations, law, communications and fine arts. The language of instruction is English, with the exception of the Faculty of Law.

KHAS is a city university with an award-winning campus. The main campus boasts renovated historical buildings, a modern education infrastructure, a museum and exhibition halls. While the campus is itself a hub of education, research and culture, its central location provides easy access to all of the activities that Istanbul has to offer.

ISTANBUL

KHAS is located in the historical center of Istanbul, on the shores of the Golden Horn. Once the capital city of the Byzantine Empire and the Ottoman Empire, Istanbul is now a dynamic metropolis with 15 million inhabitants. It is the center for business, finance and the arts in Turkey. It is commonplace to say that Istanbul is an eclectic mix of the East and the West, the old and the new. This cosmopolitan character and its vibrant culture make Istanbul a great place to study.

KHAS encourages its students to participate in extracurricular activities. A wide variety of student clubs, sporting events and teams make student life on campus fun and exciting.

Social responsibility is an important component of student life at KHAS. Students are offered seminars and encouraged to develop and volunteer in social responsibility projects, especially around the local area of the campus.

The university provides emergency medical care and psychological counseling services to its students free of charge.

KHAS offers accommodation in fully-equipped residence halls close to its main campus. Students can choose to stay in single or double rooms.
