(5) If students who have enrolled or renewed their enrollment at the beginning of the academic year decide to withdraw from the university for any reason before the beginning of the semester, they must pay one quarter of the tuition fees for that period. Students who have withdrawn, been expelled, or graduated from the university, or students whose registration has been cancelled, are not eligible to receive a reimbursement of the tuition fees they have paid.

Students may renew their registration for the following semester pending that they pay one quarter of the tuition fee for the semester in which they did not enroll.

(7) If students do not register for two consecutive semesters, their registration shall be suspended. (3) Students who have been exempted from courses per the terms of Article 1 of this clause may not take those courses again.

(4) Following student placement per the terms stipulated above, the number of required semesters shall be calculated by dividing the total credits of exempt courses by 17; this number shall then be subtracted from the period of studies for that program. The student must then complete the remaining required coursework within that number of semesters. If these conditions are not fulfilled, then the program of study shall be implemented per the terms of Article 46 of Law 2547.
