# ADVISOR APPROVAL PROCESS WORKFLOW

In the advisor approval screen, course-based approval or rejection can be performed by using **checkboxes**.

Approved courses cannot be modified, while rejected courses can be edited.

The student edits the rejected courses and resubmits them for approval.

For any course or sections the student wishes to change, they only request the revocation of approval for the relevant course.

After the course registration period is over, rejected courses are edited and resubmitted for approval during the add-drop period.

# OFFERED COURSES

- You can list the courses by selecting the relevant academic year-semester and faculty/institute/department, then clicking the **'Show'** button.
