

## Dr. Ayşegül Çoruhlu

### Circadian Nutrition and Longevity Expert

Dr. Ayşegül Çoruhlu was graduated from Istanbul University Faculty of Medicine in 1994 and completed her specialization in biochemistry at Şişli Etfal Hospital.

She began her career as a biochemistry specialist at the American Hospital in 2000 and later served as Laboratory Director at Intermed Polyclinic. During this period, she designed preventive check-up programmes and was among the early physicians in Türkiye to apply healthy aging approaches incorporating antioxidant protocols, food sensitivity testing, and personalised hormonal and genetic assessments. She has delivered long-term training programmes for physicians and pharmacists on vitamin and mineral supplementation and is a member of US- and Europe-based professional organisations in the field of healthy aging.

Dr. Çoruhlu is the author of five books on longevity, nutrition, and cellular health, including *Alkaline Diet*, *Full but Hungry*, *Quantum Nutrition*, and *Circadian Nutrition*. Her work focuses on the intersection of longevity science, nutritional biochemistry, and circadian health. Together with journalist Mirgün Cabas, she co-hosts Longevity Talks, a programme exploring healthy and long life through expert insights and audience questions.
